Institute of Applied Medicines & Research

Action Taken	
Category	Teaching Approach
Slow Learners	<ol style="list-style-type: none">1. Provide additional tutorials or remedial classes.2. Use visual aids, step-by-step instructions, and real-life examples.3. Assign simple, practice-based tasks to build confidence and understanding.4. Regular counselling and mentoring sessions for motivation and guidance.
Fast Learners	<ol style="list-style-type: none">1. Encourage participation in advanced projects, research, and competitions.2. Provide opportunities for peer tutoring to help slow learners.3. Assign challenging problems and higher-order thinking tasks.4. Motivate with recognition, awards, and leadership opportunities.

Assessment Approaches

- **Slow Learners:** Frequent formative assessments, low-stakes quizzes, and personalized feedback to track progress.
- **Fast Learners:** Advanced-level questions, open-book assessments, and opportunities to present innovative ideas.

Outcomes Expected

- Enhanced academic performance and confidence among slow learners.
- Improved problem-solving, leadership skills, and innovation among fast learners.
