**INSTITUTE OF APPLIED MEDICINES & RESEARCH,
GHAZIABAD**

Name of Activity	Career counseling session for Physiotherapy students
Date	29-Jan-2021
Venue	Seminar Hall
Organized by	Physiotherapy Department
Name of Expert	Dr. Ambuj Mishra (Sr. Physiotherapist Medanta- The Medicity Hospital, Gurugram)
Participated by	BPT 4 th Year & MPT 2 nd Year Students
Activity - In charge	Dr. Monika Sharma
Content	<p>IAMR organized a session on Career counselling; The physiotherapist is one who helps in curing various disorders. A physio can be your health counselor, doctor, physical trainer and sports coach. After the completion of the course, you may go for the higher study as MPT or PhD. To work with the hospitals, health organizations or individual practice, it is necessary to have the bachelor degree. You can work with the ministry of sports, stadium, hospitals, health societies and you can do the freelance practice. There is a good opportunity to go abroad after the completion of this course as the heavy requirement in US, UK, Canada, Australia and others. You can also work in rehabilitation centers, industrial health units, schools, in Armed Forces and universities. As a physiotherapist, you can get specializations in the fields such as Sports-Medicine, Geriatrics, Cardiopulmonary, Gynenocology, Orthopedics and Neurology. You can also get a doctorate degree and work in the research field. The initially package of physiotherapist depends on Hands-ON skills, core knowledge & where he got the degree and the hospital where he will be working. The initial salary of physiotherapist in India is Rs.2 to 2.5 lakh per year. But after the gaining of experience and higher degree, the salary can be increased up to 5 lakhs depend on the hospital.</p>
Objective	<p>The students who are interested in curing the people and helping physically disabled people, then this is the right career for each student. And no doubt, you will be a medical professional. Physiotherapy is an independent health profession which is mainly directed towards the prevention or alleviation of movement dysfunction in people.</p>
Outcome of Activity	<p>Physiotherapy career can give rise to a variety of challenging and interesting jobs in the healthcare system. In future, there is a wide scope of physiotherapy. There are a wide range of career option in India as well as in abroad.</p>

POSTER OF THE EVENT

PARTICIPANTS ATTENDING

A screenshot of a presentation slide titled 'Recycling scenario in India'. The slide contains text about e-waste recycling in the informal sector, including points like 'No organized collection system prevails' and 'Operations are mostly illegal'. An image of a person working with e-waste is shown. The slide is presented by Monika Bajpai. The device is identified as a POCO SHOT ON POCO X2.

Recycling scenario in India

- E-waste recycling is presently concentrated in the informal (unorganized) sector
- No organized collection system prevails
- Operations are mostly illegal
- These sites are highly polluting
- Recycling operations engage in:
 - Sale of electronic parts
 - Multiple exposure to electricity
 - Exposure of e-waste to the products used regularly
