About The Institute

Institute of Advanced Management and Research (IAMR) is a leading management institution which is located in Ghaziabad, Delhi-NCR. Since its establishment, the IAMR has consistently developed modern infrastructure & amenities supported by state-of-the-art technology and multi-faceted competencies towards delivering the best in class management education to the aspirants. Towards providing adequate corporate exposure beyond classroom studies, IAMR maintains a close liaison with its industry and corporate peers which involve the students and faculty members to work closely on real-time research projects and imbibe the latest trends in industries. This enables management students to transform themselves as professionals of high integrity which is required to add value for sustainable growth of the corporate world.

IAMR is committed to providing a holistic academic environment where the creative and leadership capabilities of students are enhanced for creating new benchmarks of success in the business and professional world.
